Attention is invited to letter No. 203-1/26,  
dated the 4th March, 1927, communicating the orders of  
the Government of India on the programme submitted by  
the Resident for the expansion of education in the ----  
Civil and Military Station, Bangalore during the five  
years (1927-28 to 1931-32). From para 2 of the letter,  
it will be seen that the expenditure is met from Central  
Funds. In this letter the Government of India have  
not specifically stated that recurring grants now paid  
to the Municipal Commission will be continued after the  
lapse of 5 years. In this connection please see S.N.  
22 and enclosure in which the Government of India -----  
directed that detailed proposals under the 5 years'  
programme should be submitted to them for orders -----  
annually in the autumn as the schedule of a new demand  
under the appropriate sub and detailed heads of account.

Although the interpretation of Mr. Yates appears  
to be correct, a D.O. reference may perhaps be made to  
the Government of India.

As regards para 2 of the P.U.C. it appears that  
increments to the staff and provident fund contributions

are legitimate charges and that they can be included  
in the grants to be paid to the Municipal Commission.  
The Inspector may perhaps be informed that the pre-  
sumption contained in para 2 of the P.U.C. is correct  
and that he should include the expenditure in the

W 8.N.22 detailed proposals submitted to the Government of ----

India annually.

It is not clear from the orders conveyed in  
Government of India Foreign and Political Department letter  
No. 203.I.26 dated the 4th March 1927 whether the recurring  
grants paid to the Municipality under the 5 year programme  
will be continued after the expiry of the quinquennium. A  
reference may kindly be made to the Government of India to  
make their intention clear.

If the grants originally worked out did not take  
into account increments to the staff and provident fund  
contributions the special sanction of the Government of  
India would appear to be necessary, but if this had been  
included

included in the calculations they may be paid provided that the total grants payable do not exceed the limits laid down in para 2 of Government of India Foreign and Political Department letter No.203. I/26 dated the 4th March 1927.

The Secretary to the Resident, Bangalore. U.O. No.PB/695 dated the 18th January 1929.

As regards paragraph 5 of the Pay and Accounts Officer's notes, a D.O. reference may perhaps be made to the Government of India.

As regards paragraph <sup>6</sup> a reference is invited to paragraph 4 of the Resident's express letter No. 7632, dated the 3rd September, 1926 and the statements B and C. referred to therein. From the statements it will be seen that time scale of pay was proposed to the teachers and their average pay was ----- taken for calculations. Therefore it is clear that provision was made for teachers' increments. The Inspector may perhaps be informed that the increased expenditure due to increments to staff may be included in the grant to be paid to the Municipal Commission. No provision was made on account of provident fund contributions for teachers. As the sanction of the Government of India is necessary, the Inspector may perhaps be asked to submit detailed proposals separately stating whether the extra expenditure involved

can be met from savings under five year programme.

Two drafts submitted for approval.

The Audit Officer has withdrawn his objection as regards the refund of non-recurring grants paid to the Municipal Commission, Civil and Military Station, Bangalore under the five years' programme.

He now objects to the large balance of unspent grants remaining with the Commission on the 1st April, 1928. These grants were paid from the Assigned Tract revenues and we reminded the Commission twice in the matter. Vide S.N. 4 and 31/B/ 165-28. From the wording of the telegram from the Government of India it appears that they are under the impression that the saving of Rs.677-4-6 is in the provision for the Five Year Programme of Education for 1928-29, although reading the telegram with the Hon'ble the Resident's letter dated the 11th February 1929, it is clear that the saving is in the expenditure on Five Year Programme of Education for 1927-28 surrendered with reference to the orders of the Government of India, Department of Education Health and Lands letter No.2303 Edn. dated the 17th October 1927 <sup>and that</sup> although the amount itself was recovered from the Municipality and credited to Government in 1928-29. This aspect may <sup>perhaps</sup> be made clear in the telegram lest the Government of India accept the surrender as relating to the provision for 1928-29 and order <sup>10</sup> reduction of the grants for the current year.

~~Secretary~~  
What are these  
grants given  
1  
22 p M.

Spoken to Collector who thinks that orders in general terms containing a warning about delaying the spending of Govt. grants would be useful to him.

But before issuing orders please check the question of the educational grant and sanitary grant especially, and also the others, to see that they are grants that should have been expended - the educational expenditure is for a 5 year program

26.4.29

Please see Article 88 of the Civil Account Code, Volume I, under which no money should be withdrawn from the treasury unless it is required for immediate disbursement. It is not permissible to draw advances from the treasury either for the prosecution of works, the completion of which is likely to take a considerable time or to prevent the lapse of budget grants.

From the statement at S No. 40 of file 165/28 it will be seen that the following unspent balances of grants were with the Municipal Commission on the 1st March, 1929:-

|                                              | Ra.      |
|----------------------------------------------|----------|
| (1) Housing the poor at Ookadpoliam          | 4,030 ✓  |
| (2) Reconstruction of roads                  | 5,197 ✓  |
| (3) Educational grant                        | 28,100 ✓ |
| (4) Recurring sanitary grant of half a lakh. | 27,594 ✓ |

Item (1)

In Memo No. 502/1295-Est., dated the 13th February, 1923, the Govt of India in the Foreign and Political Department accorded sanction to the scheme for the construction of model houses for the poor at Ookadpoliam in the C. and M. Station, Bangalore, at a cost not exceeding Rs 7,25,162/-. The last instalment of the grant for the above scheme was paid on the 22nd March 1927. The Commission have not spent the amount in full and they have

have still got a balance of Rs 4,030/-. This involves a violation of the principle laid down in Article 88 of the Civil Account Code, Volume I.-Vide para 2 of s.no. 67.

Item(2).

In Memo No. 474/1300-Est., dated the 12th February 1923, the Govt of India in the Foreign and Political Department accorded sanction to the reconstruction of main roads in the C. and M. Station of Bangalore at a cost not exceeding Rs 1,14,500/- spread over five years.

According to the programme then submitted the work should have been completed by the end of the year 1926-27. But the Commission have not spent the full amount actually given <sup>and</sup> they have ~~got~~ still a balance of Rs 5,197/-.

Item (3)

In Memo No. 1068-1297-Est., dated the 3rd April, 1923, the Govt of India in the Foreign and Political Department, sanctioned an expenditure of Rs 92,286/- for Municipal School buildings. According to the programme then submitted the amount actually given should have been expended by the end of the year 1925-26. But the Commission have still a balance of <sup>about</sup> Rs 2,600/- under this grant.

They have also got <sup>about</sup> Rs 25,500/- under the 5 years' programme. According to the programme at s.no.11 this amount should have been spent during the years 1927-28 and 1928-29. The Commission have not done so.

Item (4)

The half lakh recurring ~~sanitary~~ <sup>sanitary</sup> grant was earmarked for the following purposes with effect from the 1st April 1927:-

|                                                                                     |            |

Unspent grants paid to the Municipal Commission  
during 1927-28.

Sir,

S.S. 63

(1) I have the honour to invite a reference to the correspondence ending with your letter No. 11901/83-1926 dated 21-12-1928 and to state that in the circumstances indicated therein the proposal in paragraph 4 of the same is agreed to.

(2) At the same time, I wish to bring to the notice of the Hon'ble the Resident, the undesirability of payment of the grants to the Municipal Commission far in advance of requirements. A grant of Rs. 12,600/- was paid in June 1927 and another of Rs. 12,900/- was paid in August 1928 against which it appears from paragraph 3 of your letter the Municipality has not yet incurred any expenditure. Attention is, in this connection, invited to the enclosed copy of a statement of unspent balances of grants with the Municipal Commission on 31-3-1928 which was recently received from the President, Municipal Commission on a requisition from this office. It will be noticed that the Municipality is earning considerably by way of interest on unutilised balances. The present practice involves a violation of the principle laid down in Article 88 of the Civil Account Code Volume I in the case of direct expenditure by Government

ment

Government and tends to withdraw so much money from the resources of Government much earlier than necessary. A change in policy in the matter of pre-payment of the grants to the Municipal Commission long in advance of their requirement seems therefore called for.

2. The orders of the Hon'ble the Resident issued in this connection may be communicated to me in due course as I may possibly have to refer to this in the Executive Report of the Audit department for the current year.

I have the honour to be,

Sir,

Your obedient servant,

*A. C. Thakur*

Audit Officer.

Sir,

"Five year programme of educational expansion in the  
Station".

I have the honour to state that in connection with the confirmation of certain teachers the President, Municipal Commission, is doubtful whether the grants given under the five year programme of educational expansion for the maintenance of Municipal Schools will be continued after the lapse of the 5 years. In my opinion, the term "5 years' programme" means that the inception of the schemes sanctioned under the programme should be carried out by the end of the 5 years and there is no intention on the part of Government to stop the recurring grants after the completion of the 5 years period. I shall be obliged if you will kindly let me know whether my interpretation is correct.

2. I also presume that the increased expenditure due to increments to staff, provident fund contributions could be included in the grants to be paid to the Municipal Commission.

I have the honour to be,  
Sir,  
Your most obedient servant,

J. A. Yates

Dated Bangalore, 12<sup>th</sup> February 1929.

Subject.

Expansion of Education in the Civil and Military Station, Bangalore.

SIR,

2.N. 70. In reply to paragraph 2 of your letter No. 4280/13-24, dated the 14th December, 1928, I am directed to invite a reference to the statements B. and C. forwarded with Mr. Saunders' letter No. 2065/1-28, dated the 2nd September, 1926 from which it will be seen that the time scale of pay was proposed to the teachers in the Municipal Schools to be opened under the five year programme and that their average pay was taken into account in the calculations. There is therefore no objection to your including the increased expenditure due to increments to the staff in the grants to be paid to the Municipal Commission, provided that the total grants payable do not exceed the limits laid down in paragraph 2 of letter 2.N. 9. No. 203-I/26, dated the 4th March, 1927, from the Government of India in the Foreign and Political Department. As no provision was made in the statements for provident fund contributions, the increased expenditure under this head could not be included in the grants to be paid to the Municipal Commission. I am to request that detailed proposals, if necessary, may be forwarded to this office, for submission to the Government of India, stating whether the extra expenditure involved by the proposal can be met from
